

About us

ADDACTIS Worldwide is a global network delivering first class actuarial services and software for the insurance and reinsurance sectors alike, with subsidiaries in Belgium, Netherlands, Spain and Colombia, and partnerships in Europe, Africa and Asia.

ADDACTIS Libraries team is located in Brussels and is dedicated to developments, controls and communications of ADDACTIS network models regarding Solvency 2 subjects, modeling in Life and Non-Life insurance, analytics methods, financial issues etc.

Missions

Among the team in Brussels, you will participate actively to the developments of our activity with an international scope, to support the local consulting team and our partners abroad. You will report to the senior actuary.

We are looking for a non-life consulting actuary who will become the technical reference for ADDACTIS® Worldwide, mainly on the following areas:

Participation in technical non-life actuarial assignments:

Audit and analysis of non-life reserving in line with regulatory frameworks (Solvency II, IFRS17, etc.)

Pricing of mass risks, zone construction, modelling and optimizing costs

Optimization of reinsurance programmes

Research and Development in non-life actuarial :

Participation to implement new functions and methodologies in our software ADDACTIS® IBNRS® and ADDACTIS® Pricing

Participation with writing scientific papers

Support offices and partners abroad :

Support in consulting missions and non-life software implementation

Required Profile

You have a master's degree in actuarial sciences/from an engineering school or you have a scientific background combined with strongly developed quantitative skills.

You have at least 6 years of Non-Life actuarial experience in insurance companies and/or consultancy firms. Consulting experience in this domain and/or knowledge of Non-Life tools (IBNRS, ResQ, Pricing, Emblem, etc.) is an asset.

You already assumed roles with responsibilities and strong implication in in very tight timescale.

You are an expert in P&C, reserving and pricing, and you also have good relationship with clients.

You are open-minded, creative, enthusiastic which makes you a great team player and you know how to take initiative.

You are fluent in English, and French or Spanish would be a plus.

You have the ability to communicate and share your knowledge in a very multicultural environment.

Practical modalities

The job will be based in Brussels.

Frequent travels abroad are planned.

To apply, please send your resume and cover letter to recruitment@addactis.com
